CENTRE FOR GOOD GOVERNANCE
Knowledge • Technology • People
A CMMI Level 3 and An ISO 9001:2015 Certified Organization
(Dr. MGR HRD Institute Campus),
Road No. 25, Jubilee Hills, Hyderabad 500033
Telangana, India.
website:cgg.gov.in
Objectives
- To develop an end-to-end web & mobile-based Election Process Management without any manual interventions
- To improve transparency, credibility, & trust among stakeholders for fair conduct of elections
- To provide better services to all the stakeholders
- To generate & finalise Electoral Rolls, Voter slips etc.
- To conduct randomization of polling & counting personnel
- To automate the election process starting from nomination of contesting candidates, election result declaration, election expenditure monitoring etc.
- To submit online application for postal ballot and monitoring of the same

Our Vision
The vision of TePOLL is “To establish a state-wide integrated Election Management System in the State of Telangana that enhances efficiency in transactions, effectiveness in control, transparency in operations, accountability at all levels, sustainability in the long run and convenience to the stakeholders specially citizens”

The stakeholders accessing EMS are as given below:
- Telangana State Election Commission
- Revenue Divisions covered: 71 Nos.
- Rural Mandal/Blocks covered: 539 Nos.
- Gram Panchayats covered: 12,751 Nos.
- GP wards covered: 1,13,354

TePOLL Highlights
- A robust web and mobile-based Election Management System and is available 24x7 to all the stakeholders of the project.
- A time-tested system and in vogue for the past 4 years.
- TSEC plans & monitors the complete election process from nomination to result declaration.
- Guide field officers through issuance of guidelines, circulars, handbooks etc.
- Facilitate Election Observers to submit online reports
- Facilitate the Voters to download voter slips
- Facilitate Officers to take timely action through real-time Dashboards, MIS & Data Analysis

TePOLL Mobile App
Mobile application for voter slip is accessible to approx 2.5 crores voters

Modules of TePOLL Election Management System

Electoral Rolls Management System
- Local Body (Urban & Rural) electoral rolls are prepared based on latest electoral rolls of the Assembly Constituency published by ECI.
- TePOLL generates Ward wise/Polling station wise Electoral rolls and Polling station wise Voter slips also.
- Cycle time is reduced from 10 days to 30 minutes per Local Body.
- 93% saving in Electoral Roll process time.

Electoral Management System
- Election officials enter reservation details, data pertaining to the election process right from nomination stage to declaration of results.
- Prepare and upload nomination papers & affidavits by the candidates.
- Scrutinize nomination papers and generate the list of valid nominated candidates.
- Election Expenditure Monitoring – Issue of notices, issue of disqualification orders etc.
- All the details are accessible to public.

Randomization System for Polling Personnel
- TePOLL randomly generates list of Presiding Officer, APO and QPO based on Pay scale, place of work/residence/nativity.
- Random generation of Polling Teams with at least one women official.
- Random mapping of polling teams with the polling Stations.

Randomization System for Counting Personnel
- TePOLL randomly generates a list of counting supervisors & assistants based on Pay scale, place of work/residence/nativity.
- Random team formation for counting.

EVM Management System
- Database management of all EVMs under SEC.
- Monitoring of movement of EVMs among different local bodies.
- Randomisation of EVMs for allocation.
